GRAMMAR

Exercises for advanced students

Chişinău
U.T.M.
2008

Grammar exercises for advanced students is designed for upper - intermediate and advanced students who are studying at speciality *Applied Informatics*. It aims at helping students to learn grammar at a higher level. The exercises are intended for further improving students' knowledge in the classroom or during individual studying process. It can also be used either under the guidance of a teacher or by interested learners on their own.
